

Work for South West Essex Community Education Trust

South West Essex Community Education Trust was established in April 2015 with the belief that every young person in our community needs and deserves an education that will maximise their future life chances.

We are a partnership of schools which have chosen to work together with a shared vision to achieve this. Currently, our partnership consists of Chadwell St Mary Primary School, Deneholm Primary School, Marshalls Park Academy, Stifford Clays Primary School and William Edwards School. We are also working towards opening a brand-new secondary school in Thurrock, which will be called Orsett Heath Academy.

Trust and professional generosity across our schools drives the characteristic of this partnership: children always come first and we aim to secure a national reputation for the quality of the education provided within our Trust.

Our colleagues are critical to achieving this and securing the best futures for our young people. We are always keen to hear from talented professionals at all stages of their career who believe they can support us in achieving our vision.

There are numerous benefits we offer to those who work as part of our Trust:

Personalised CPD plan supporting your professional development and career progression along with your own 'Professional Partner' to provide tailored support, coaching and mentoring

Comprehensive learning and development opportunities supported by Thurrock Teaching School Alliance

A health and wellbeing package supported by Vitality and Bounce and an education based Employee Assistance Programme

Competitive salary and relocation packages with a defined benefits pension scheme

Trust accommodation on our school sites

A two week October half-term and generous annual leave for support staff

Reduced membership fees for a school-based gym
