Building and Resources

The school is situated in Greater London, Romford, close to the M25, A12 and A127 and just 10 minutes walk from Harold Wood Railway Station. The school has on site parking for staff and visitors.

The school was built in 1931. Over the years we have expanded the site to accommodate our growing number of students, including two brand new buildings. We have new state of the art facilities in Science, technology and PE. Edtech

Redden Court School has been recognised as a specialist of computing technology for over a decade, and has always invested in modern technology to enhance the curriculum.

The Department for Education selected Redden Court School in 2020 as one of its Edtech Demonstrator schools to support 100s of other schools in the country with their use of technology in education. This was initially to help schools to respond to the pandemic but the project has continued to expand. In 2017 Google selected us to become one of the only Google Reference Schools in the UK as a result of our success over the years, giving us early, exclusive access to upcoming tools and the opportunity to attend and showcase at events. We have also gained international recognition welcoming many visitors from abroad to support them with their own development.

Google Workspace for Education is an exciting and innovative way of learning, introducing easy tools to engage students whenever, wherever on any device. In 2012, we adopted this free web-based communication and collaboration suite available to education establishments. With products including Gmail, Google Classroom,

Calendar, Drive, Docs, Meet, Slides and Sites, we recognise the influence that these tools have on classroom and distance learning, our collaboration inside and outside of school, improvements in administrative efficiency and providing remote access for all. This enables all our students and staff to have access to the most up-to-date technology.

We have also rolled out a 1:1 Chromebook scheme with our students, with many of them buying the device through us, as an affordable browser-based device that provides quick, simple access to our online platforms. We also provide teaching staff with a Chromebook to support our edtech focus. Staff are offered a wide range of CPD to develop their skills in this area.
